Happy Friday!

You're currently listed as the primary liaison for your school(s) for the purposes of completing the annual UCS Liaison Survey which launches Monday.

- [You can see what school\(s\) you're listed for here.](#)
- [You can reference the survey questions here.](#)

The good news is that the survey is 30% shorter than last year and gives us a great opportunity to showcase the positive impact of UCS in schools! The bad news is that it's still pretty long (about 30 minutes) and it's mandatory.

This survey is crucial for helping SONA understand the impacts of UCS across the country and secure federal funding for its continued implementation.

General Information:

- The survey link will come from sounifiedchampionschools@qualtrics-survey.com. **Please add this email address to your safe-senders list.**
- Each link is specific to the school referenced in the email and the survey.
- You don't need to complete the survey in one sitting; your responses should save and you should be able to return to them.
- **Please complete the survey by May 12.** This allows us time for outreach to programs that are running behind and best positions us to open our 2025-26 grant application.
- After submitting the survey, you'll be able to download a PDF summary of your responses. This will be helpful for liaisons who support multiple schools, as it allows for easy copy-and-paste of relevant answers across surveys.
- SONJ does not administer this survey; everything goes through the University of Massachusetts and we do not have real-time access to survey completion status. We anticipate receiving updates once a week, and we'll share that information when we have it.

A few friendly reminders as you complete the survey:

- State Program (SONJ) Support: Our team has sent an update email every Monday this school year, and ample resources have been available on the UCS Dashboard.
- Resources: Online and PDF versions of Elementary, Middle, and High School Playbooks are available on the UCS Dashboard.
- Resources: Young Athletes Lesson Plans and Flash Cards are available on the UCS Dashboard and were emailed at the beginning of the school year.
- Funding: We believe that schools can always use more funding in general and specifically for UCS

We truly appreciate your time and effort in completing this survey and your dedication and commitment to UCS throughout the year!

Happy to help if you have any questions!
Andrea
